Volume 13, Number 2
Spring 2015

The Friends of Sessions Woods was established as an all-volunteer organization in 1998 to facilitate projects and programs that enhance the value of Sessions Woods.

In Memoriam: Bob Merriman

The Friends of Sessions Woods is deeply saddened by the passing of one of the founding members, Bob Merriman. During his lifetime, Bob helped to found or serve many community organizations in Bristol and Burlington. In 1998, Bob and several other conservation-minded individuals, formed the Friends of Sessions Woods to facilitate projects and programs that enhance the value of the property. Over the past 17 years, Bob provided invaluable guidance and support to the Friends of Sessions Woods. The Merriman Family Fund and the Main Street Community Foundation (which he also founded) have provided funding for many projects, materials, and programs to benefit wildlife and visitors to Sessions Woods.

Bob was 96 years old when he passed on March 3. The FOSW thanks him for his many years of service and send condolences to his family and friends. There will be a special gathering to celebrate Bob's life on April 12, at 1:00 p.m. at the Carousel Museum in Bristol.

Help Us Conserve Wildlife

Dogs off leash can have a detrimental effect on nesting wildlife. Many forest birds, including wild turkeys and ovenbirds, nest on the ground. Please help us conserve wildlife by keeping your dog on a leash when at Sessions Woods. THANKS!

Thanks Newman's Own Foundation!

The Friends of Sessions Woods appreciates the generosity of the Newman's Own Foundation following the receipt of a generous \$7,500 grant! The grant will be used to replenish the bus transportation fund for school field trips; provide nature observation programs; and purchase additional educational materials. Sessions Woods has become an ideal location for school field trips with new and returning schools visiting each year.

What's New at Sessions Woods

- Environmental Consultant Dennis Quinn is currently displaying his photo images of insects and spiders in the Art Hallway at Sessions Woods. The framed photographs are available for sale with a portion of the sale benefitting the Friends of Sessions Woods.
- Wildlife Division staff are busy completing the final exhibit "cube" in the Exhibit Area. This cube will feature the diversity and importance of wetland habitat.
- While frigid outside this winter, visitors indoors at Sessions Woods were able to view many different birds through the bird viewing Observation Window in the Exhibit Area. A partial list includes red-bellied, downy and hairy woodpeckers; juncos; tufted titmouse; goldfinch; and a hungry Cooper's hawk!
